## September 2013

### Welcome back to 'Dry Heat' town

Although the humidity is up lately and the sun is still bearing down in triple digits, we managed to have a fun filled summer.

In June we had pizza  
July we had Christmas

And in August it was time to cool  
down with ice cream.

It sometimes pays to stay around!

Now that you are all back it's time to get ready for a really packed year of activities with your favorite club. Look for the calendar of events elsewhere in this letter.
